

## Blends 複方

Essential oil blends are usually mixed with more than three single essential oils. If you don't know the properties of each essential oils, do not blend single oils. It is much safer to add a layer of single oil on top of a layer of another single oil. Each blend has a specific function, so do not mix multiple blends together into a new blend.

複方精油通常由三種以上的單方精油調配而成。如果不了解各單方精油的屬性，不要自行調製複方，一層單方加一層另種單方是較安全的方式。複方精油有特定的功能，所以，不要混合多種複方成為新的複方。
